Course Success Summary Report

Office of Institutional Research and Effectiveness

Updated: Spring 2023

Analysis Notes

- *Successful Grade Rate* is defined as the proportion of successful grades (A, B, Cs) earned by students divided by the total number of students enrolled in the specific comparison.

- Successful Grade Rate is a sub-set of Course Completion Rate

- Greater values for this metric are evaluated as more positive as they indicate increased levels of student success.

- These metrics are theoretically leading indicators of student graduation and/or transfer.
